ELIGIBILITY REQUIREMENTS

- Please include the cost of the appliance plus the installation in the total cost field above. This program will pay for the cost of the appliance plus the cost of installation, up to the eligible rebate amount.
- Supporting documentation (installation invoices, sales receipts, etc.) must clearly show that an electric to gas or a propane gas switch occurred.
- In order to qualify for the High Efficiency standard tank water heater rebate, the natural gas appliance must meet the Energy Star certified criteria. For more information, visit EnergyStar.gov.
- Applications incorrectly marked as high-efficiency will be denied and will require a resubmission.
- Furnace cannot be a portable or freestanding unit. Space heaters and dual power appliances are not eligible for rebate.
